

Moon walker

Either large enough to hold a cub or mini one with a cup suspended from the centre

Materials

2 spars of equal length (or bamboo stakes for mini)

1 slightly smaller spar

1 small spar (optional)

Suitable rope or twine

2 long ropes (or 4 shorter)

Make a triangle with the spars leaving a long leg on 2 sides using diagonal lashing.

Attach the centre of each rope to the top of the walker.

To use

A cub stands in the centre of the bottom and becomes the Jockey and 4 cubs hold the ropes 2 stand in front and 2 behind.

Team work is required to make it work.

One side holds it firm and other side back person relaxes hold and front pulls forward and the Jockey sways the weight to the held side and swings the other side forwards.

MINI:

Using similar principals 4 cubs move an item along a course: water in cup, jelly baby in a cup.
